### § 595.101 Purpose.

Section 5948 of title 5, United States Code, authorizes the payment of allowances to certain eligible Federal physicians who enter into service agreements with their agencies. These allowances are paid only to categories of physicians for which the agency is experiencing recruitment and retention problems and are fixed at the minimum amounts necessary to deal with such problems. The President has delegated regulatory responsibility for this program to the Director of OPM, acting in consultation with the Office of Management and Budget. This part contains the regulations, criteria and conditions which the Director of OPM, in consultation with the Director of the Office of Management and Budget, has prescribed for the administration of the physicians' comparability allowance program. This part supplements and implements 5 U.S.C. 5948 and should be read together with that section of law.

### § 595.102 Who is covered by this program?

(a) This program covers individuals employed as physicians under the Fed-

eral pay systems listed in 5 U.S.C. 5948(g)(1), except as provided in 5 U.S.C. 5948(b). For the purposes of this part, an individual is *employed as a physician* only if he or she is serving in a position the duties and responsibilities of which could not be satisfactorily performed by an incumbent who is not a physician.

(b) Section 5948(b) of title 5, United States Code, prohibits the payment of physicians' comparability allowances to certain physicians, including physicians who are reemployed annuitants. For the purpose of applying this prohibition, *reemployed annuitant* means an individual who is receiving or has title to and has applied for an annuity under any retirement program of the Government of the United States, or the government of the District of Columbia, on the basis of service as a civilian employee.

(c) Physicians employed and paid under title 38, United States Code, and Commissioned Corps officers of the Public Health Service under title 42, United States Code, are not eligible for physicians' comparability allowances.

### § 595.103 What requirements must agencies establish for determining which physician positions are covered?

(a) The head of each agency must determine categories of physician positions for which there is a significant recruitment and retention problem, and physicians' comparability allowances may be paid only to physicians serving in positions in such categories.

(b) In determining categories of physician positions, the head of each agency must, as a minimum, establish as separate categories the following types of positions:

(1) Positions primarily involving the practice of medicine or direct service to patients, involving the performance of diagnostic, preventive, or therapeutic services to patients in hospitals, clinics, public health programs, diagnostic centers, and similar settings, but not including positions described in paragraph (b)(3) of this section;
